AMERICANS ARE COMING FROM ALL OVER MEXICO

Government Agents Assist Them; No Interference; Inadequate Train Service Delaying

(By Review Leased Wire.)
MEXICO CITY, June 20.—Many Americans left Mexico City this morning in special cars for Vera Cruz. Cars have been sent to Guadalupe, Guanajuato, Puebla and other cities requesting Americans to come to the capital for the purpose of taking trains for Vera Cruz or to reach other coast ports directly, if that be possible.

The Mexican foreign office today again gave assurances that no obstacles would be put in the way of Americans desiring to leave the country. Americans have been treated with courtesy by the officials having to do with the transportation system but the shortage of rolling stock is making difficult the carrying of those who desire to leave.

James Rodgers, representative of the United States government before the defacto government in Mexico, met a committee of Americans today and outlined arrangements for obtaining sufficient cars to accommodate them. The Pachuca Mining Co. has offered a special of 11 box cars and caboose and if the officials will permit this to run, a great majority of the American colony will leave for Vera Cruz tomorrow.

The city is absolutely quiet and there have been no hostile demonstrations of any kind against Americans.

FOOD SCARCITY TO HAMPER ARMY OF CARRANZA

Because Of Shortage Of Rations, He Couldn't Feed Army Of 10,000 For Three Weeks

(By Review Leased Wire.)
EL PASO, June 20.—In quarters which have been in possession of all the facts relating to domestic conditions in Mexico, it is asserted that the Mexican campaign will be decided by the food situation. Because of shortage of rations and curtailed transportation facilities, it was said that General Carranza would be unable to maintain a force of ten thousand men at any point for a period of three weeks, and that there was not enough forage to take care of a body of eight thousand cavalry for one week.

In view of this, it is believed the Mexicans would have to operate in comparatively small detachments. Enough rolling stock has been gathered in Juarez to transport the entire garrison if it becomes advisable to move southward.

WAR SUMMARY

(By Review Leased Wire.)

LONDON, June 20.—The Russians continuing their advance against the Austrians, have crossed the River Sereth, southwest of Czernowitz and occupied the towns of Zadova, Stroganetz and Gliboka. The Austrians in this region, their army cut in two, are described by Petrograd to be in disorderly retreat with the Russians energetically pursuing them toward the Carpathian mountains.

An element of uncertainty as to the situation between the Pripiet river and Galician frontier has arisen owing to the divergent reports of the Russian and German war offices, both claiming successes to their armies. North-east of Kishinev, which lies between Lutsk and Vladimir-Volynski, Petrograd says, an Austrian attack supported by Germans, was repulsed while Berlin asserts that the Teutons were victorious and are fighting their way forward against the Russians.

The Russians also claim a defeat of the Teutonic allies southeast of Lokatich which lies south of Kishinev, while Berlin declares that between the Kovel-Lutsk railroad and the Turia river the Teutons have broken down the Russian resistance or repulsed their attacks.

In Galicia, Austrians and Germans are still desperately resisting the Russian attempts to press forward toward Lemberg.

In general, the situation on the other fronts is unchanged. In the region of Fort Vaux, northeast of Verdun, there has been rather lively artillery fighting, and bombardments and mining operations have taken place along the remainder of the French front.

Attacks and counter attacks by the Austrians and Italians in the Trentino region have followed each other, but neither of the belligerents have been able to make any marked progress.

SPAIN SYMPATHIZES WITH UNITED STATES ON MEXICAN MUSS

(By Review Leased Wire.)

MADRID, June 20.—The newspapers today print long dispatches regarding the United States and Mexico and the Mexican legation in Madrid has made public an explanatory note showing the development and the present status of the differences between the two countries. The Spanish government has no official news concerning the efforts reported tonight to have King Alfonso act as a mediator.

The Journal Imparcial says the situation of Spain in the case of war between the United States and Mexico would be very difficult, for despite her racial ties with Mexico, Spain has recently received numerous evidences of sympathy from the United States and also its aid when Spanish residents of Mexico were recently made the object of unjust treatment.

JOHNSTON DEFENDS TENNIS TITLE

DEL MONTE, Cal., June 20.—The men's singles in the Pacific States Tennis Tournament reached the semifinals today with John Johnston, national champion, Clarence Griffin, his doubles partner, Roland Roberts, San Francisco champion and Carl Gardner, the survivors.

Griffin's match with Roberts tomorrow is awaited with keen interest. Johnston had to extend himself today to defeat Ray Greenburg, of San Francisco. The loser made it 5-1, in the second set, and looked like a possible winner until Johnston took the center of the court and volleyed his way to victory.

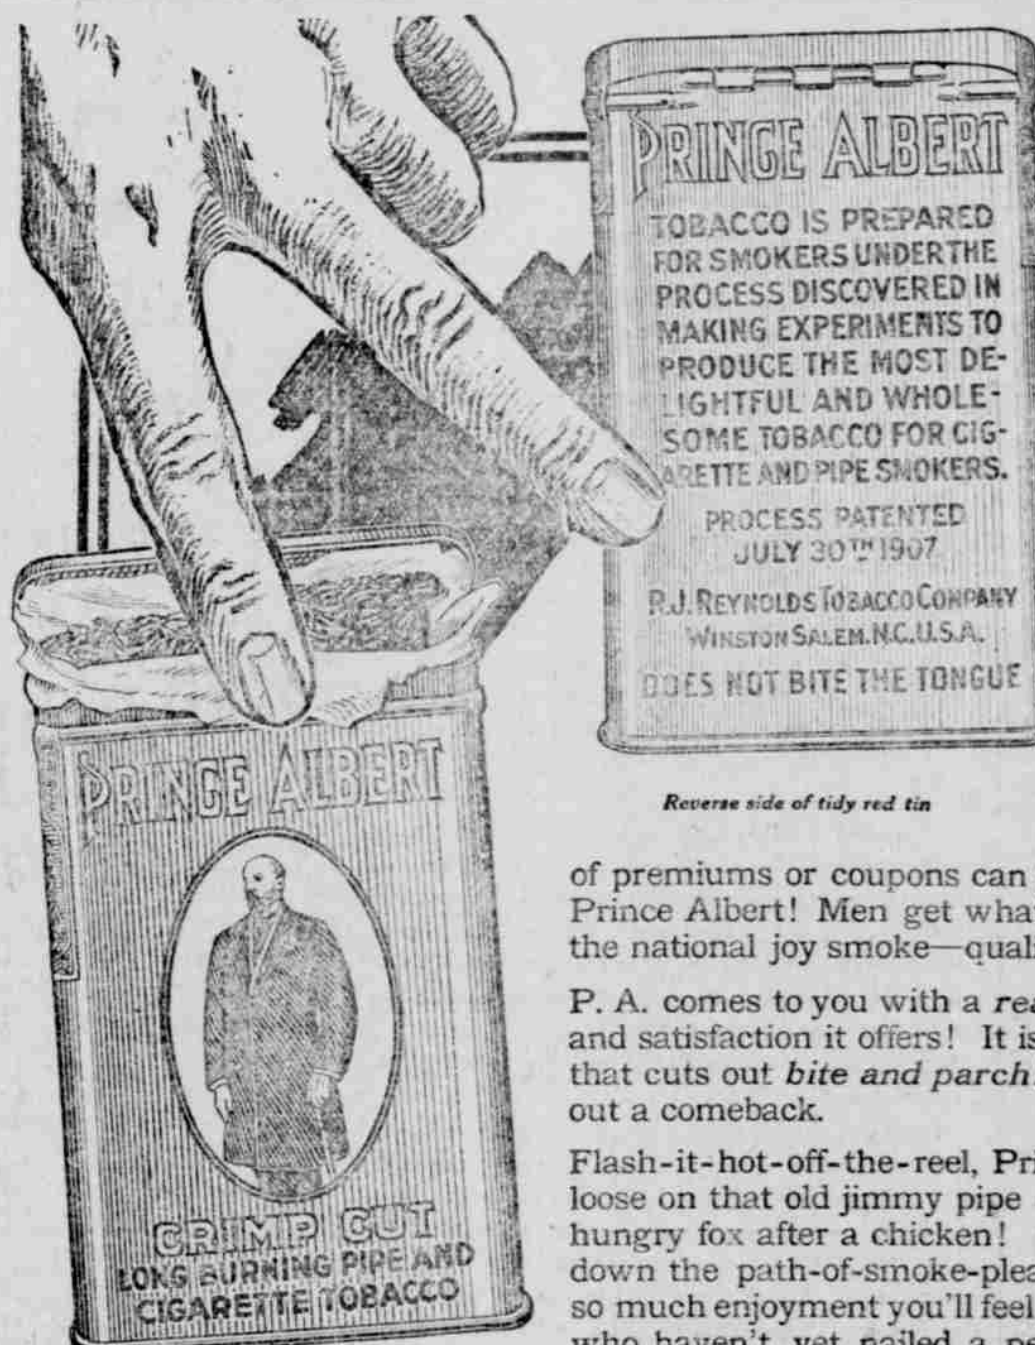

Miss Helen Baker, of San Francisco, won a place in the finals by defeating Miss Laura Herron, of Palo Alto, California.

WHOLE PACIFIC FLEET SAILING DOWN WEST COAST

Biggest Naval Demonstration In Pacific Annals. May Blockade Ports From Guaymas To Salina Cruz

(By Review Leased Wire.)
SAN DIEGO, June 20.—With the departure from this port tonight and at daybreak tomorrow, of a squadron of armored cruisers and flotilla or torpedo boat destroyers, the greatest naval demonstration in the history of the Pacific Fleet with the west coast of Mexico as its objective, will be recorded.

Not since the inception of the Mexican troubles has there been such a powerful fleet sent to the western Mexican littoral for patrol purposes. Nor has an American admiral ever taken the precaution to so place his fighting ships that within a few days after an outbreak of hostilities, he could effectually blockade every west coast Mexican port from Guaymas to Salina Cruz.

When the armored cruiser South Dakota sails from Bremerton, Washington, tomorrow morning to join the fleet under Admiral Winslow, and Rear Admiral Fullam, it will mark the first time on record that every warship on the Pacific coast in actual commission or in first reserve has been detached for duty in foreign waters. Steaming at speed of sixteen knots an hour the armored cruisers Pittsburgh, flagship of Rear Admiral Fullam, and the Colorado left late today for Manzanillo.

At 5 o'clock tomorrow morning the torpedo boat destroyers Hull, flagship of Lieut. W. W. Bradley, flotilla commander; Hopkins and Truxtun will sail south. The Hull will stop at La Paz, and the Hopkins at San Jose de Cabo, before proceeding to join Admiral Winslow at Mazatlan or Guaymas. The Truxtun probably will proceed for Topolobampo.

One of the foremost incidents of the fleet mobilization occurred at 2 o'clock this morning when the destroyer Hopkins steamed at full speed for Ensenada on orders from Admiral Winslow. The Hopkins made the 144 miles to Ensenada and return in fifteen hours returning to San Diego at 3 p. m. Lieut. J. A. Murphy, commanding the Hopkins reported quiet as prevailing at the Lower California seaport and that there was no reason to believe that any anti-American outbreaks would occur. The Hopkins was placed at the disposal of American residents for passage to San Diego but none accepted the offer.

CARRANZA MAKES BELATED EFFORT TO STOP RAIDERS

Sends Nuevo Laredo General Word To Nip All Anti-American Conspiracies And To Disarm Suspicious

(By Review Leased Wire.)

LAREDO, Tex., June 20.—General Reynaldo de la Garza, military commander at Nuevo Laredo, opposite here, announced tonight that he had received a personal telegram from General Carranza instructing him to do everything possible to prevent raids in his territory and to exercise strict supervision of all Mexicans crossing the international line. All persons found on the Mexican side of the border with arms, who attempted to enter the United States will be immediately executed without trial, General Garza said tonight. He will issue a proclamation to this effect tomorrow he said, in the name of the de facto government.

An exodus of Mexicans to the south, presumably on free transportation; the arrival of five American refugees from the interior of Mexico; the abolition of night train service in Mexico and everything quiet on the surface, summarized the situation at this border point tonight.

Mexican Consul Melquiades Garcia, who for many years has conducted a department store here, today closed his establishment, packed his stock in five box cars and crossed into Mexico. Thirty-five carloads of rich ore and bullion from the mines at Villadama crossed to the American side today. American Consul J. R. Stillman, stationed at Saltillo, was said to have left his post today and was expected to arrive at Eagle Pass late tonight.

QUIET AT VERA CRUZ.

(By Review Leased Wire.)

WM. GUGGENHEIM SUES BROTHERS FOR 10 MILLION

(By Review Leased Wire.)
MINEOLA, N. Y., June 20.—The jury which will hear the \$10,000,000 suit of William Guggenheim against his five brothers in which a share in Chilean mining properties is involved, was obtained before Justice Callaghan, in supreme court here today

and it was expected the taking of testimony would start tomorrow. The defendants are Isaac, Daniel, Morris, Solomon and Simon Guggenheim, and all six brothers were in court.

William Guggenheim alleges the defendants induced him into signing an agreement waiving participation in profits from the Andacolla prospect, the Lascondas prospect, the Chuquibambilla prospect and the South American Exploration Company, all Chilean mining properties which he said are worth \$50,000,000. He declares the defendants conducted extensive surveys and explorations of the properties, the result of which they concealed from him so he did not know

the true value of the properties when he signed the agreement. Three corporations had been organized to take over control of the property, the complainant says, the Chile Exploration Company of New Jersey, the Chile Copper Company of Maine and the Chile Copper Company of Delaware.

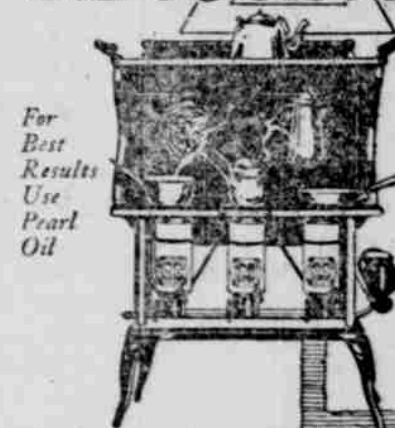

Counsel for the defense entered strong objections to the trial proceeding at this time declaring that it would be weakened because two witnesses from South America would be unable to get here before the last of the month. Justice Callaghan denied a motion for postponement and ordered the trial to proceed.
